SUMMARY

Senior Full Stack .NET Developer with 20+ years of experience turning complex business needs into reliable systems. Full-stack expertise across C#, ASP.NET MVC, ASP.NET Core, REST APIs, SQL Server, Oracle, AWS, and containerization with Docker and Kubernetes. Proven track record of delivering continuous long-term value, evolving systems, databases, and infrastructure side by side for over a decade at the same company. Deepening expertise in AI Engineering and Cyber Defense to build secure, intelligent applications. Experienced in fully remote work since 2014.

EXPERIENCE

Senior Developer Jun 2020 - May 2025

Control+F5 | São Paulo, SP (Remote)

- Developed web applications and backend components utilizing ASP.NET MVC
- Architected and delivered RESTful APIs for distributed services integration
- Collaborated effectively in a fully remote, distributed team environment, ensuring autonomous delivery and seamless asynchronous communication

Skills: ASP.NET MVC, REST APIs

Senior Developer Jun 2014 - Present

Nacional Tubos | Guarulhos, SP (Remote)

- Developed a corporate portal with more than 50 integrated modules and reports on the TOTVS RM platform
- Lead the ongoing development and maintenance of enterprise systems using ASP.NET MVC
- Administer and optimize mission-critical Oracle databases, ensuring data integrity and high availability
- Design, deploy, and support software integrations with the TOTVS RM (ERP) corporate ecosystem
- Drive over a decade of continuous, unified evolution across core systems, relational databases, and IT infrastructure

Skills: ASP.NET MVC, Oracle, TOTVS RM

Senior Developer Jul 2007 - May 2012

Agence Interativa Ltda. | Guarulhos, SP

- Built custom web applications using ASP.NET and administered Oracle databases
- Engineered direct integrations between corporate intranet solutions and the TOTVS RM/Corpore ERP platform
- Handled network administration and customized reporting within enterprise environments

Skills: ASP.NET, Oracle, TOTVS RM/Corpore

System Development Manager Aug 2002 - Jun 2007

Inspirit Tecnologia e Sistemas Ltda. | São Paulo, SP

- Coordinated end-to-end web development initiatives and oversaw technical alignment for international products
- Engineered web solutions using ASP and ASP.NET, alongside database administration on Microsoft SQL Server
- Led the digital automation of FAAP's university secretariat, moving administrative processes online and saving 50 tons of paper per year. The operation became so streamlined that an entire building was emptied as administrative work no longer required physical space

Skills: ASP, ASP.NET, Microsoft SQL Server

EDUCATION

Specialization in Applied AI Software Engineering Aug 2026 - Aug 2027

Uni PDS, São Paulo, SP

Undergraduate / Technology in Cyber Defense Aug 2026 - Dec 2028

Faculdade Impacta, São Paulo, SP

Undergraduate / Technology in Systems Analysis and Development Jan 2024 - Jun 2026

Faculdade Impacta, São Paulo, SP

SKILLS

C#, VB.NET, ASP.NET, ASP.NET Core, MVC, JavaScript/jQuery, HTML, REST API development, Web Services, ETL, Xamarin, SQL Server, Oracle, AWS DynamoDB, AWS, Azure, GCP, Oracle Cloud, AWS Lambda, Docker, Kubernetes, Docker Swarm, Windows 10/11, Windows Server 2000-2025, Linux (CentOS, Oracle Linux, Red Hat, Ubuntu, Kali), Active Directory, LAN/WAN/VPN/Firewall, Web Servers, SSL Certificates, ITIL, COBIT, Scrum/Agile, NOC/SOC Management, Help Desk/Service Desk Management

LANGUAGES

English: Professional Working Proficiency | Portuguese: Native
